### CADIEUX 8-LOT OPENSOURCE SUBDIVISION

Cadieux Road – Georgia, Vermont

Fieldstone Land Consultants PLLC (FLC) is pleased to have worked with Mr. and Mrs. Cadieux.

FLC worked closely Mr. and Mrs. Cadieux and the State of Vermont Agency of Natural Resources to establish the project goals, site layout and final site design.

FLC services for this project included road design, road and lot grading, stormwater

conveyance system and treatment designs, stormwater management report, erosion and sedimentation control design and stormwater permitting.

This project was designed to meet Vermont Stormwater Treatment Standards and utilized voluntary stormwater management credits for low impact and environmentally sensitive designs. This helped streamline the permitting process and minimized the construction costs and long term maintenance requirements.
